LIBRARY COLLECTION

From time to time, Que Pasa is lucky enough to come across winemakers who understand why we are in the wine business - we truly love and enjoy wine.

We believe that is what had prompted them to release to us limited amounts of fine, rare wines from their "library collections, Stocks of wines which are cellared away by wine houses for private consumption or for special occasions to be shared by friends of the wineries.

CHATEAU de BEAUCASTEL Chateauneuf-du-Pape (Rhone, FRANCE)

In 1321, under Pope Jean XXII, four barrels were brought from the papal cellars to be filled with wine in Chateauneuf. Then, the Popes planted new vines & the legend of the papal wine began.

The first evidence of Chateau de Beaucastel as it exists today was in the sixteenth century. In 1549, Pierre de Beaucastel bought a barn with a plot of land extending to 52 saumes at Coudoulet. The manor house will be built then with the arms of Beaucastel sculptured on a stone wall of the drawing room.

In 1909, Pierre Tramier leads the wine estate & then transfers it to his son-in-law, Pierre Perrin, a scientist that developed Beaucastel. Then Jaccques Perrin continued his father's efforts until 1978.

Today, the torch is being carried by Jean-Pierre & Francois, Jacques Perrin's sons. The 5th generation, Marc, Pierre, Thomas, Cecile, Charles, Matthieu & Cesar, work all together with them.

Beaucastel, is first of all, a family story, the story of Famile Perrin. Their main strength is being able to blend the talents of each family member to run the estate under common values., absolut respect for land & terrorir, biodynamic culture as a philosophy of life, the research of truth, balance & elegance.

CHATEAU MUSAR (BEKAA VALLEY, LEBANON)

In 1930, at just 20 years old, Gaston Hochar founded Chateau Musar, inspired by Lebanon's 6,000 year winemaking tradition and his travels in Bordeaux. His 'wines with noblesse' greatly impressed senior officers in the army following on from the French mandate of the 1920s. Major Ronald Barton, of Chateau Langoa-Barton, stationed in Lebanon during World War II became a great friend, strengthening the links between Chateau Musar and Bordeaux that remain to this day. (Bekaa Valley, Lebanon)

Serge Hochar, Gaston's eldest son trained as a civil engineer, then decided to study oenology and with the encouragement of his father became a student of Emile Peynaud at the University of Oenology in Bordeaux. Having declared to his father "I want to make the wine my way, I want it to be known world-wide and I want you to quit!" he became Chateau Musar winemaker in 1959, Gaston senior having graciously given way. He then spent 18 years perfecting the formula for Chateau Musar's Red and was chosen as Decanter Magazine's first 'Man of the Year' in 1984 for his dedication to producing superb quality wines during Lebanon's Civil War (1975-1990).

Chateau Musar Blanc 2015		163
Very aromatic juice and turned into a fruity, fresh wine with citrus leaves, peaches and pears. Fermented in oak barriques with a longer maturation period and had a complexity of fruits and aromas. The final wine is beautifully balanced with good fresh lemon acidity, tropical fruit flavors and an elegant finish.		

TORRES

Founded in 1870 by Jaime Torres, Bodegas Torres (Miguel Torres SA) is a historical wine growing company located in Pacs, some 4 km from Vilafranca del Penedès, where the company has its head office. Torres is the family winery with the most extensive vineyards in the Denomination of Origin (DO) of Penedès and the largest winery in Spain.

Milmanda 1000 Years of History DO Conca de Barberà

Years of patient research have resulted in Milmanda. The complex and harmonious combination of aromas of this elegant, noble wine elevate it to truly world-class status.

Milmanda was part of a route of medieval castles that gave shelter to Christians during the time of the Reconquest. In the 12th century peace came to these lands and vine-growing began anew. Today, at the foot of these castle walls, the Torres family grows the Chardonnay grape variety. This single vineyard wine is fermented and aged in French oak barrels.

2018 157

MAS La Plana Legend in Black DO Penedès

In this small (29 ha.) vineyard only the most select Cabernet Sauvignon grapes are grown. These are used to make strictly limited quantities of Torres' most prestigious red wine, now known to connoisseurs all over the world. In the Paris Wine Olympiad, the 1970 vintage triumphed over some of the most famous wines in the world, including some of the best from Bordeaux. This success has been repeated on several other occasions, with Gran Coronas Mas La Plana notching up numerous other international awards.

2007 257
2008 233
2009 249
2010 245
2013 207

Concentrated, opaque black cherry color. Juicy, ripe & round on the palate with full body & supple flavors of berry fruits & light oaky chocolate character. Medium in acidity with modest tannins.

Reserva Real Limited Reserve DO Penedès

Reserva Real was created after his majesty King Don Juan Carlos visited our winery in 1995 and was treated to one of the most exclusive and limited production wines in Spain.

2012 297

It is created from the best Cabernet Sauvignon, Cabernet Franc and Merlot grapes from our small vineyard Agulladolç, which is also home to a beautiful 11th century Romanesque hermitage. After 18 months in new French oak barrels, and thanks to the great quality of the tannins in this wine.

Very dark cassis and mineral notes on the nose - very suave and refined; fine tannins and structure on the palate, ample concentration but at this age very mellow and silky.
